# ATTRACTIONS

## Amika

Amika, Merel's horse from the TV series 'Amika' is in Plopsaland De Panne! Are you a big fan of Amika? Do you love Amika the horse? Then you should definitely pay Amika a visit!

## Anubis The Ride

Enter the mysterious House of Anubis, take a seat, brace yourself and take one last breath before you reach a speed of 90 km/hour and a height of 34 metres in just 2 seconds! Just like the famous TV series 'House of Anubis', this coaster is a complete mystery to everyone!

No curve or twist can be predicted and after you have looped 3 times, you will have completely lost your marbles! Are you ready for this blood-curling ride?

- This attraction is not accessible via the exit.
- This ride features intense and sudden movements.
- The entrance and exit have low lighting
- You must be able to quickly transfer onto/off the ride independently or aided by your helper.
- You must be able to hold on to the safety bar.
- You must be able to hold on and remain in a seated position.
- You must be able to brace yourself for changes in direction during the ride.
- You must be able to climb stairs independently or aided by your helper.
- You must be able to descend steep stairs independently or aided by your helper, if necessary.
- You must be able to descend a ladder independently or aided by your helper, if necessary.
- You must be able to remain seated for long periods of time (several hours), if necessary.
- In the case of a fire, you must be able to exit the premises rapidly and independently or aided by your helper.

## Balloon Race

Colourful balloons in all the colours of the rainbow are flying over Samson & Gert's fun fair! Choose your favourite colour, climb in and enjoy a delightful trip through the air! Can you see the statue of Gert from up there?

## Bumba's Playground (Bumba's Speeltuín)

Near the Bumba Theatre you will find the best playground in the Low Countries! Together with Bumba, Bumbalu and all their circus friends you can climb, slide, crawl and twist and turn on the many colourful bits of apparatus!

## Bumper Boats (Bumperboats)

When the weather is good, the Bumper Boats set sail on the Pirates' Zone pond! Under supervision, our youngest visitors will be able to learn how to sail a boat for the very first time! Maybe we'll discover who will become a brave shipmate or seasoned captain in the future?

## The Merry-Go-Round (Carrousel)

Whether on a horse or an ostrich, in a carriage or in one of the many little carts, it doesn't matter ... It's always fun on this beautiful nostalgic merry-go-round!

## Big & Betsy Farm (Big & Betsy Hoeve)

For years now, fun farmer Betsy has lived in the charming old farmhouse in Plopsaland De Panne together with her funny little house pig Big. Time seems to stand still here, surrounded as you are by all the foraging chickens, the playful goats and the nostalgic farm carts.

## The Tree Trunks (De Boomstammetjes)

A quiet boat trip around King Samson's Castle in a mediaeval tree trunk takes a surprising turn when you suddenly find yourself caught in some rapids! The Tree Trunks get dragged along into a fierce waterfall and you end up tumbling several metres downwards! As long as it's dry ... eh-h-h ... we'll be fine!

- This ride features intense and sudden movements.
- This attraction has no safety bar.
- It is possible to alight during the ride but this is very dangerous and not allowed as the attraction does not stop automatically.

- You must be able to fully control your movements and coordination
- You must be able to hold on and remain in a seated position.

## The Pirate Ship (Piratenboot)

Ship Ahoy mateys! Together with Pirate Pete look out to sea and face up to fierce hurricanes on his crooked ship. Back and forth, up and down... luckily real pirates don't get seasick!

## The Pirate Playground (De Piratenspeeltuin)

Right next to the Pirate Grill terrace, you will find the excellent Pirate Playground! Small pirates can play here at will while mum and dad enjoy the afterglow of a delicious meal overlooking the bay of pirates!

## Plop's Garden (De Ploptuin)

Leave nothing to your imagination in the big gnome wood and experience the craziest gnome adventures on dozens of fun pieces of apparatus. Did you know that Plop, Lui, Klus & Blabbermouth have already had loads of fun here too?

## The Swinging Tree (De Swingboom)

Beetle Kurt loves heavy work! He's just felled a tree trunk that he now uses to spin around Mayaland. Prepare yourself for a whirling adventure in this Swinging Tree! Are you ready for a good dose of dizzy butterflies?

## The Tractors (De Tractors)

You can chug around the yard of the Big & Betsy Farm on roaring tractors, just like Farmer John! Lots of farm animals will join you on this educational ride through the field! Ready for the harvest!

## Big's Garden (De Tuin van Big)

This playground was built especially for the very smallest of our visitors. Parents and grandparents can relax on the terrace of the Big & Betsy Farm while their children can play away to their heart's content under their watchful eyes.

## The Falling Leaves (De Valtoren)

Are you a brave little bee searching for some delicious pollen? Then take a seat on one of the leaves and ... up you go! Soaring to great heights! Enjoy a quick peep at the view over Mayaland because ... swish, the leaves fall down again! This is bound to make your tummy roll!

## The Bat (De Vleermuis)

# INFORMATION FOR DISABLED VISITORS AND ACCOMPANYING PERSONS

## Before your visit

Looking forward to spending a day at one of our theme parks? Then let us extend to you our very warmest welcome. Plopsa parks have been very carefully designed, taking into account the needs of all of our visitors. This information leaflet has been prepared to ensure that your visit to our parks is as enjoyable as possible and to help you prepare your day as best possible.

Here we give you an overview of the facilities and services we have available for visitors with disabilities as well as our policy regarding access to attractions for persons with disabilities.

## Parking

All Plopsa car parks have designated accessible parking spaces available for visitors holding a disabled parking card. Parking fees apply for all visitors.

## Tickets

Plopsa offers a concessionary rate for visitors with a disability. These entrance tickets are only available at the welcome desks in Plopsa parks.

As our employees are not qualified to assess a visible or non-visible disability, we ask you to bring with you a valid declaration (\*) from an impartial doctor stating that you are not able to visit the park and/or the attractions without aid and that you are not able to stand in queues for rides. This declaration is not required if you are confined to a wheelchair or are visually impaired. Free access will be granted to one helper per wheelchair user or visually impaired visitor. Any extra helpers will be required to pay the regular ticket rate.

Disabled visitors will be given an armband when purchasing their tickets which entitles them to access rides via an alternative entrance. Please ensure you wear your armband at all times and be prepared to show it if requested.

(\*) The declaration should be no more than 12 months old.

## Assistance Dogs

Assistance dogs are permitted in the park. We do request, however, that they use the official legal service dog vest or harness. As the owner of a service dog, you should also have a permit with you stating that the dog was trained in an official training centre.

## Wheelchairs

A limited number of wheelchairs are available free of charge at the welcome desks in Plopsa parks. Visitors can make use of a wheelchair for the duration of their visit to the park upon presentation of ID. If you would like to make use of this service, we suggest reserving in advance as the number of wheelchairs available is limited. Reservations at [info@plopsa.be](mailto:info@plopsa.be).

## Toilets and First Aid

All toilets in Plopsa parks offer disabled facilities. Additional help can be obtained at the first aid station our parks.

## Shops – Restaurants

All shops and restaurants in Plopsa parks offer full disabled access.

## Accompanying persons

Accompanying persons must be over the age of 15 and be able to assist their disabled companion if necessary. As our employees are not allowed to help with loading and off-loading from rides, the accompanying helper must be able to do this.

Helpers must also be able to fully and correctly communicate information regarding access to rides, safety information, and information regarding evacuation procedures to the disabled person they are accompanying.

Disabled visitors must be accompanied on rides by their helper at all times.

## Attraction Access

Plopsa wants to make sure that as many attractions as possible are accessible to visitors with disabilities. Unfortunately, for practical and safety reasons, this is not possible in all cases.

Visitors must, at all times, be able to safely sit and hold on during rides. In the unlikely event of evacuation from a ride, certain attractions require a good level of autonomous movement and the ability for self-help. Certain attractions require the full application of spacial and temporal awareness in order to guarantee the corresponding safety level during their operation.

For these reasons, access to all attractions cannot be guaranteed for visitors with physical disabilities, visual impairment or intellectual disabilities. There are no limitations for hearing impaired visitors.

For safety reasons, the maximum number of number of people with disabilities allowed on all rides at any one time is limited.

Disabled groups also require a certificate from an (impartial) doctor. Due to limited capacity, larger groups may not access attractions through the alternative entrance. Please divide your party into smaller groups of 3 to 4 people, including helpers. For questions, please contact us at [info@plopsa.be](mailto:info@plopsa.be).

## Legislation

Following certain issues regarding access, and after consultation with the Ministry for Economic Affairs, we now offer a temporary solution to this situation.

As a theme park operator, Plopsa is subject to the requirements of two laws relating to the treatment of visitors with disabilities. These two laws are, however, contradictory. On the one hand there is the law from 10 May 2007 on anti-discrimination. And on the other hand, the law from 10 June 2001 on the operation of amusement rides, stating that the operator of an attraction must carry out a risk analysis to demonstrate that the attraction fulfils the security requirements and that the conclusions must be implemented during operation of the attraction by applying preventive measures to certain target groups where necessary.

Based on past situations and experiences with rides that we operate, Plopsa was the first amusement park in Belgium to decide to carry out not just an internal risk assessment, but also a further assessment carried out by an external body – the Technical Monitoring Association (Technischen Überwachungsverein TÜV). Based on these assessments, we strongly discourage persons with intellectual, physical and/or visual impairments from using certain attractions (see above).

If a helper together with a visitor suffering from one of the above-mentioned impairments insists on accessing the attraction, we will neither oppose it nor support it, on the basis of the Anti-Discrimination Act.

In these cases, however, we require the presence of one accompanying person per car, necessary for a smooth evacuation in the event thereof. In addition, the respective accompanying person will be required to sign a declaration stating that they have been informed of the fact that Plopsa strongly discourages the use of the ride based on the above-mentioned risk analyses, that they have acknowledged the information regarding access, as well as specific safety information and conduct in the case of an evacuation, and that the disabled person they are accompanying has fully and correctly understood all of this information. The declaration is available at the welcome desk.

## Plopsa Theatre

Plopsa Theatre is fully accessible. The route to Plopsa Theatre, the foyer and the theatre itself are all accessible at street level with no steps. The theatre itself has wheelchair spaces. The theatre manager will guide you to your seat.

For shows and performances requiring a separate ticket, specific spaces for wheelchair users will likewise be reserved. For more information on reservations for these shows, go to [www.plopsatheater.be](http://www.plopsatheater.be)

Plopsa Theatre has an induction loop system for visitors who are hard of hearing. The theatre manager will be delighted to provide any additional help.
